FRANK NUESSEL

*University of Louisville, USA*

At its annual meeting in San Francisco January 8–11 2009, the American Name Society agreed to provide an annual award for the best article in *NAMES: A Journal of Onomastics*. We are now in the fifth year of this award.

The 2013 Award Committee for Best Article in *NAMES: A Journal of Onomastics* consists of the following individuals:

1. Michael F. McGoff (Binghamton University, SUNY, USA)
2. John Algeo (Professor Emeritus, University of Georgia, USA)
3. Kemp Williams (IBM, USA)

The Award Committee members deserve special mention for their exceptional hard work and dedication in reviewing meticulously all of the articles that appeared in volume 61 (2013) before making their final decision.

The Award Committee operates completely independently of the Editor. The award is given to only one article per year. The decision of the Award Committee is final. The criteria include: (1) the significance of the article, and (2) the significance of the article to the science of onomastics. The decision of the Award Committee is final.

The award consists of a plaque that reads as follows:
