

Award for Best Article in *Names: A Journal of Onomastics* 2018

FRANK NUESSEL

University of Louisville, USA

At its annual meeting in San Francisco 8–11 January 2009, the American Name Society agreed to provide an annual award for the best article in *Names: A Journal of Onomastics*. This award is now in its tenth year. Receipt of this award is a significant honor for the recipient(s) and it signifies the highest academic achievement in the field of onomastics.

The 2018 Award Committee for Best Article in *Names: A Journal of Onomastics* consists of the following individuals:

1. Michael F. McGoff, Binghamton University, SUNY, USA
2. Kemp Williams, IBM, USA
3. Dorothy Dodge Robbins, Louisiana Tech University, USA

The Award Committee members deserve special mention for their exceptional work and dedication in reviewing all of the articles that appeared in Volume 66 (2018) before making their final decision on this year's winner.

The Award Committee operates completely independently of the Editor. The award is given to only one article per year. The criteria include: (1) the significance of the article, and (2) the significance of the article to the science of onomastics. The decision of the Award Committee is final.

The award consists of a plaque that reads as follows:

The American Name Society
