

# Collections of the American Name Society

August, 1961, to May, 1962

KELSIE B. HARDER

THE BIBLIOGRAPHY below includes all material that has been added to the collections of the American Name Society since August, 1961. This list supplements the one that appeared in *Names*, 9 (1961), 277-288. It is good that the members of the Society, and others who are interested in its welfare, continue to send in material and suggestions. The response to the request for material for the collection has been gratifying.

Authors of articles have again donated much of the material in the listing. Among those who have contributed material beyond their own publications are Mamie Meredith, A. P. Hudson, Peter Tamony, Ellen Margolis, A. J. Wraight, and several anonymous donors. Some members have contributed articles that were published in *Names*. Although these items have not been listed here, they have been added to the collection. If anyone has failed to receive an acknowledgement by letter, I hope that he will accept the listing here as an acknowledgement and as an appreciation.
