Collections of the American Name Society,

1967 through August 31, 1968

Compiled by KELSIE B. HARDER

Below is a list of all material that has been added to the collections of the American Name Society during 1967 and through August 31, 1968; it should be used to supplement lists that have appeared earlier in *Names*.

The collections have been used often during the past two years. It is hoped that members will further avail themselves of the material whenever possible. Items are continuously added by members who contribute books, articles, and clippings. All members are urged to help enlarge our collection by sending material that pertains to names.
